João Carlos Mota | President | CSB

10:30h | 11:00h Coffee break and poster & industry exhibition

(includes sialography photo gallery)

11:00h | 11:30h Saliva, salivation and salivary tests: fake or fortune?

Pedro M. Cabral | Clinical Pathology | Porto, Portugal

11:30h | 12:15h Dry mouth, the malevolent symptom: a clinical guidance

Arjan Vissink | OMFS | Groningen, The Netherlands

12:15h | 12:45h Photobiomodulation (low-level light therapy) on xerostomia

Juliana Spanemberg | Oral Medicine | Gran Canaria, Spain

12:45h | 13:00h Discussion

[chaired by Fernando Duarte]

Congress »»» Medical

14:00h | 14:30h Sialadenosis vs sialadenitis: the two truly systemic, both definitely medical

M^a Teresa Boncoraglio | Internal Medicine | Porto, Portugal

14:30h | 15:10h From Gougerot's description to Sjögren's disease: a hundred years journey

Chiara Baldini | Rheumatology | Pisa, Italy

15:10h | 15:30h Eosinophilic sialodochitis: redefining allergic parotitis (Kussmaul disease)

Tiago Rama | Immunoallergology | Porto, Portugal

15:30h | 16:10h Juvenile recurrent parotitis: what else?

Pasquale Capaccio | ENT | Milan, Italy

16:10h | 16:30h Discussion

[chaired by Daniel Oliveira]

16:30h | 17:00h Coffee break and poster & industry exhibition

(includes sialendoscopy photo gallery)

17:00h | 17:30h Salivary gland pathology in pre-graduation: what to teach, what to learn?

António Mano Azul | Stomatology | Lisbon, Portugal

17:30h | 18:00h Salivary gland pathology in general practice: what to treat, what to leave?

Ana Rita Teixeira | Stomatology and General Practice | Porto, Portugal

CONFERENCE ON SALIVARY GLANDS

02-03.10.2026 | Porto, Portugal

Congress »»» Surgical

09:00h | 09:30h Free communications

[chaired by Francisco Gouveia]

09:30h | 10:30h Salivary obstructive syndroms: stones, strictures... and mega-ducts?

Michael Koch | ENT | Erlangen, Germany

10:30h | 11:00h Coffee break and poster & industry exhibition

[includes salivar stones photo galleria]

11:00h | 11:10h Ten years of CSB Salivary Gland Clinic: preliminary data and insights...

Tiago Fonseca | Stomatology | CSB

11:10h | 12:00h Parotid tumors, extracapsular dissection... and about the facial nerve?

Mark McGurk | MFS | London, UK

12:00h | 12:50h Minimally invasive salivary gland techniques: the expert's... expertise!

[round table]

Sialendoscopy for sialadenitis

Michael Koch | ENT | Erlangen, Germany

Management of ranulas

Mark McGurk | MFS | London, UK

Robotic-assisted surgery

Pasquale Capaccio | ENT | Milan, Italy

Extracorporeal shockwave lithotripsy

Philippe Katz | Radiology | Paris, France

Discussion

[chaired by Tiago Fonseca]

12:50h | 13:00h Ending session

[includes award ceremony for free communications]

Course »»»»» Technical

14:00h | 15:00h Sialendoscopy: where theory meets practice

[includes industry exhibition of equipments and materials]

Beginning and evolution

Philippe Katz | Radiology | Paris, France

Indications and possibilities

Pasquale Capaccio | ENT | Milan, Italy

Equipments and materials

Mark McGurk | MFS | London, UK

Techniques and tricks

Michael Koch | ENT | Erlangen, Germany

15:00h | 18:00h Sialendoscopy: training on anatomical models

Tiago Fonseca | Stomatology | CSB
